About the Almanac

It is essential that students and parents read the Almanac together and fully understand the contents. The Almanac aims at establishing an invaluable link between the school and the parents. It is intended to serve:

1. as an all-in-one ready reckoner and planner for students.
2. as a means of communication between parents and school:
 - to keep parents abreast of what their wards are studying at school and their curricular progress.
 - to keep parents informed about home assignments.
 - to be a handy reference for various schedules.
 - to be used as a convenient tool for day-to-day correspondence for academics as well as other issues.

Students should ensure that they bring Almanac to school every day, use it productively and treat it with care.

Parents should review current pages on a daily basis and must countersign and respond to the comments given by the members of the faculty. Parents should also countersign home assignments and provide an explanation if these are not completed due to some reason.

As a matter of policy, students will get home tasks on familiar subjects. These tasks are intended as revision exercises to reinforce what is learned by students in school. It is advisable that the students attempt these tasks without adult supervision. In case of any difficulty, they may seek help of the teacher the following day.

Comments made by parents in the Almanac should be productive and confined strictly to the student's work and his/her conduct. All other matters concerning school should be conveyed personally through letters/emails addressed to the Head of School.

From the Head of School

Education is the most powerful weapon which you can use to change the world.

– Nelson Mandela

As we embark on the new academic journey for the session 2024-25, I wish to remind you of the incredible power of education. It is not merely about acquiring knowledge; it is about unlocking your potential and shaping your future, to help you become the best version of yourself with the endless possibilities it unlocks for you. It empowers you to dream big, set ambitious goals, and work tirelessly to achieve them. Whether your aspirations lie in the realms of science, literature, art, or entrepreneurship, education provides the foundation upon which you can build your dreams.

Through a thoughtfully planned array of learning opportunities and activities in compliance with the objectives of NEP 2020, our curriculum comprising of the Read Programme, Library Education Programme and Art Education Programme will help you gain insight into diverse cultures, perspectives, and experiences. You develop empathy, compassion, and a deep appreciation for the richness of human diversity, acquiring skills and knowledge necessary to navigate life's challenges with confidence and resilience. In a rapidly evolving world, these skills are invaluable assets that will serve you well in any endeavour you pursue. Each day, you have the opportunity to harness this weapon and wield it with purpose and passion.

As we stand at the precipice of a critical moment in history, it is imperative that we recognize the urgency of addressing one of the greatest challenges facing humanity: Climate Change. Our planet is sending us a clear and undeniable message – we must take immediate and decisive action to mitigate the impacts of climate change and protect the world we call home. Thus, once again, in this academic session, we shall continue to focus on the central theme of 'Climate Change.'

The time for action is now. Let's embark on our journey through the new academic session with a sense of purpose. We welcome our Pre- Nursery students to join in this endeavour!

Beginnings always happen with the first step, today!

Climate Change

As stewards of this planet, we have a moral and ethical obligation to act. The choices we make today will determine the world we leave for future generations. It is incumbent upon us to heed the warnings of scientists, policy makers, and environmental advocates and take meaningful steps to combat climate change.

In the war against air pollution, every action counts. It's a mission critical for the survival of our ecosystem, the health of our communities, and the prosperity of tomorrow's world.

So, what can the student community do? Here are some ways you can contribute to the fight against climate change:

- **Reduce your Carbon Footprint:** Adopt sustainable practices in daily lives, such as conserving energy, reducing waste, and using public transportation or carpooling whenever possible.
- **Support Renewable Energy:** Advocate for the transition to renewable energy sources, such as solar, wind, and hydroelectric power, and support policies that promote clean energy initiatives.
- **Raise Awareness:** Educate yourself and others about the causes and consequences of climate change and the importance of taking action.
- **Protect Natural Habitats:** Preserve and restore natural habitats, such as forests, wetlands, and coral reefs, which play a critical role in sequestering carbon and maintaining biodiversity.
- **Promote Sustainable Agriculture:** Support sustainable farming practices that reduce greenhouse gas emissions, conserve water and soil, and promote biodiversity.
- **Advocate for Climate Justice:** Stand in solidarity with vulnerable communities disproportionately affected by climate change, advocating for climate justice and equity.
- **Engage in Civic Action:** Participate in local, national, and global initiatives aimed at addressing climate change, such as climate conferences, clean-up campaigns, and advocacy efforts.
- **Hold Leaders Accountable:** Demand accountability from policymakers, corporations, and institutions to take bold and decisive action on climate change.
- **Foster Innovation and Collaboration:** Support research and innovation in green technologies, sustainable practices, and foster collaboration across disciplines to find holistic solutions to the climate crisis.
- **Never Lose Hope:** While the challenges posed by climate change are daunting, we must remain hopeful and steadfast in our commitment to building a more sustainable and resilient future.

Together, we have the power to effect positive change and protect the planet for generations to come. The fight against climate change is the defining issue of our time which requires courage, determination, and collective action on a global scale.

Student Health Check-up

In addition to fostering academic success, school plays a vital role in improving students' health and social etiquette. In keeping with this adage, school organises an annual health check-up for all its students. Conducted by a team of qualified medical experts, the check-up is non-invasive in nature, utilises advanced diagnostic technology and measures attributes crucial to determining the child's health and wellbeing. It aims to identify any health-related issues and to generate awareness on the importance of health and personal hygiene.

The schedule for Annual Health Screening is intimated to parents through e-mail and school website. Parents are requested to ensure their ward's presence in school on the days allocated for the check-up. Health reports of the students are shared through prints and the data is subsequently uploaded on school website and app. Parents are recommended to take their ward's health report seriously and take action on any observation/comment made in it. Since this is a screening exercise and not a diagnostic exercise, they are advised to take opinion of their respective doctors/family physicians for further evaluation.

Suggested Lunch Menu

A wholesome and balanced diet includes all vital nutrients in appropriate proportions. The year 2023 was the International year of Millets and these nutri cereals are a rich source of carbohydrates, millets also come with more protein, dietary fibre, iron, and calcium content than rice or wheat. Besides they are an excellent source of antioxidants and are gluten-free. Incorporating millet-based food products in the tiffin can help promote healthy eating habits and support overall child development. We will continue with a millet-based tiffin on Tuesdays and Thursdays. Parents can consult the following menu chart while preparing tiffin for their ward(s).

ACADEMICS

Academic Year and Student Assessment

■ Class Pre-Nursery

The academic year is divided into two terms. There are no formal examinations for this class. However, evaluation of the child's progress in various domains such as cognitive, social, emotional, physical and language skills is done on the basis of day-to-day observations. Students are closely monitored during various activities such as free play, structured activities, circle time and interactions with peers & adults. The milestones achieved are recorded.

■ Classes Nursery-III

The academic year is divided into two terms. There are no formal examinations for these classes. However, evaluation of the child's progress is done on the basis of day-to-day performance under the Continuous and Comprehensive Evaluation (CCE). These theme-based assessments are carried out in various ways which include written assessments via worksheets and written work done in notebooks/workbooks in school and at home, oral assessments via classroom discussions and interactions, and activity assessments that are judged primarily through Thursday Activities, project activities, Learning Centre activities, creative work, etc.

■ Classes IV-VIII

The academic year is divided into two terms. Students will be evaluated through formal assessments as well as through their day to day performance under the Continuous and Comprehensive Evaluation (CCE). Six formal assessments will be conducted in the academic session, thrice during each term:

- **Formative Assessment 1 & 2 (FA1/ FA2)** aims to monitor student learning & provide feedback to improve learning and will include selected portion.
- **Mid-Term Assessment (MT)** is cumulative in nature with an aim to evaluate student learning and will include the entire syllabus of Term-1.
- **Formative Assessment 3 & 4 (FA3/ FA4)** aims to monitor student learning and provide feedback to improve learning and will include selected portion.
- **Annual Examination (AE)** is cumulative in nature with an aim to evaluate student learning and will be based on selected portion from Term-1 and the entire syllabus of Term-2.

Formative Assessments will include CCE component in addition to the written test. Continuous evaluation will be carried out throughout the session in

various ways which include written work done in school and at home, verbal assessments via classroom discussions and interactions, project assignments and co-curricular activities. Therefore, high marks secured by a student in written assessments will not always result in securing high grade for any subject. **The final grades of all examinable subjects in a term will consider the performance of student in both the continuous and the written assessments.**

■ Class X

The academic year is divided into two terms. However, the prescribed syllabus for the session will be completed by mid of Term-2. The final evaluation of student's progress will be based on the formal assessments conducted at the end of each Term by school and the Board Examination conducted at the end of the session by CBSE. School's evaluation will be based on formal assessments as well as on the student's day to day performance under the Continuous and Comprehensive Evaluation (CCE). In all, six formal assessments will be conducted in the academic session:

- **Pre-Board 2 (PB2)** is cumulative in nature & will also be conducted in Term-2 and will include the entire syllabus for the session.
- **Secondary School Examination** will be conducted by CBSE towards the end of academic year, based on the entire syllabus for the session.

All school-based assessments will include components like written test, multiple assessments, portfolio/notebooks and subject enrichment. Continuous evaluation will be carried out throughout the session in various ways which include written work done in school and at home, verbal assessments via classroom discussions and interactions, project assignments and other cocurricular activities. Yet, the final evaluation of a student's progress will be based solely on the Board Examination. (Written & Practical/Project Evaluation) will be conducted at the end of the session by CBSE. In all, six formal assessments will be conducted in the academic session:

- **Formative Assessment 1 & 2 (FA1/ FA2)** aims to monitor student learning & provide feedback to improve learning and will include selected portion.
- **Mid-Term Assessment (MT)** is cumulative in nature with an aim to evaluate student learning and will include the entire syllabus of Term-1.
- **Pre-Board 1 (PB1)** is cumulative in nature & will be conducted in the mid of Term-2 and will include the entire syllabus for the session.
- **Pre-Board 2 (PB2)** is cumulative in nature & will also be conducted in Term-2 and will include the entire syllabus for the session.
- **Senior School Certificate Examination**, will be conducted by CBSE towards the end of academic year, and will be based on the entire syllabus for the session. The final Report Card will be issued by CBSE after the Board Examination.

■ Rules for Assessment

Attendance is compulsory for all assessments held during the year, failing which the student will be marked a zero. Consideration, if any, will be **only on genuine medical grounds at the sole discretion of the Head of School; after the parents personally meet and apply with the photocopies of all relevant medical documents, on the day of the assessment at school office (during working hours).**

- A minimum attendance record of 90% of the total number of working days in each term/unit is compulsory. In the eventuality of a student missing classes due to health reasons, school will have the sole discretion in deciding a waiver, if any. **But even on medical grounds, absence beyond 25% of working days will not be accepted.**
- There is no provision for reassessing students, who remain absent on the day of the assessment, or those who have failed in one or more subjects.
- Request for change in assessment dates or timings will not be entertained. Students reporting late for assessment will not be given any extra time for answering the question papers.
- **Unfair Means:** Students found using any unfair means during assessments, will be awarded a zero in that subject. Parents and the concerned student will be called for a dialogue with school authorities. A repeat of such action in future will result in the prompt issue of a Transfer Certificate, without notice.
- The evaluated answer scripts of FA1/FA2/FA3/FA4, MT and PB1/PB2 will be distributed to students within 10 days of the date of the assessment. Errors in evaluation, such as mistakes in the total, unmarked answers, etc., must be brought to the notice of the concerned teachers on the same day itself. Delaying this for even one day may result in ignoring the same while preparing the final result.
- Requests for the issue of Progress Report before the declaration of annual results will not be entertained.
- A duplicate of Report Card (if lost/damaged) shall be issued on a payment of INR 200.

■ Promotion Criteria

Key Aspects of Evaluation System and Major Programmes

What are Formative Assessments (FA1/FA2/FA3/FA4)?

- Formative Assessments are a combination of written tests and CCE which enable teachers to continuously monitor a student's progress in a non-threatening and supportive environment.
- The written tests shall be held on regular teaching days as per the schedule given.
- These are diagnostic in nature and provide effective feedback to students and teachers for remedial interventions that result in enhanced learning.
- These provide a platform for active involvement of students in their own learning.

How are Mid-Term Assessment (MT) & Annual Examination (AE) different from Formative Assessments?

- Mid-Term Assessments and Annual Examinations are Summative in nature. These are cumulative and include selected portions of syllabus from the previous terms.
- These measure and indicate the extent to which a student has retained the concepts learnt during the session.

What is the purpose of cumulative assessment?

- Cumulative assessments help a student to revise the important concepts repeatedly which are otherwise forgotten.
- These maintain a continuity in the learning process and always serve as a bridge of learning from one class to another.
- The gradually increasing portion of contents would prepare students acquire confidence for appearing in Board examination with 100% syllabus.

What is Continuous and Comprehensive Evaluation (CCE)?

- It is a process to provide holistic profile of the learner through regular assessment of scholastic and co-scholastic domains of development.
- This scheme aims at making evaluation an integral part of teaching-learning process.
- The scheme focuses on all round development of personality of the learners.
- The scheme also envisages improving on-going teaching-learning processes by diagnosing the learning gaps and offering corrective and enrichment input.
- The CCE scheme brings about a paradigm shift from assessment to effective pedagogy.

What does the term ‘Continuous’ in CCE mean?

- It focuses on regularity and continuity in assessment.
- The term ‘Continuous’ means that the assessment is to be completely integrated with the processes of teaching and learning.
- The term also refers to the diagnosis of learning gaps and providing remedial measures to enhance levels of learning while providing support to students so that they can develop/improve their skills.

What does the term ‘Comprehensive’ in CCE mean?

- It includes assessment of holistic development of the learner including cognitive, affective and psychomotor domains.
- The term also includes use of a variety of tools and techniques for assessment of the learners.

What do the terms ‘Scholastic’ and ‘Co-scholastic’ mean?

- The term ‘scholastic’ refers to those aspects which are related to intellect or the brain. It includes assessment of learners in curricular subjects, assignments, project work, practical and oral work etc.
- The term ‘co-scholastic’ refers to those aspects which are related to the hand and heart. These include psychomotor skills, physical development, life skills, attitude, values, interests and participation in co-curricular activities.

What is Multiple Assessment?

- Multiple Assessment tool is a component of Periodic Assessment, introduced by CBSE in 2019-20 for classes IX & X. It uses variety of strategies like quizzes, oral test, concept map, exit cards, visual expression etc.

How can assessment in assignments help students?

- Ultimate purpose of an assignment is to improve students’ learning.
- Pre-decided parameters like level of understanding, punctuality and neatness, completeness, creativity, etc., are given due weightage for assessment of an assignment.
- Assignments are designed with utmost care, keeping in mind their purpose and scope of the specific content unit.

What is a project? How can assessment in projects assist students?

- A project is a task assigned to an individual or a group to develop basic understanding, practical skills, wholesome interest and desired attitudes among students.
- Personal and social qualities like leadership, co-operation, resourcefulness, communication skills, organizational skills etc. can be easily assessed through group projects.

- Parameters such as presentation, technical ability, creative inputs and level of understanding may be used for assessment of projects.

How does the CCE Scheme help students?

- It reduces anxiety and stress which often builds up if the students are assessed only once through a one-shot assessment at the end of the year.
- It results in higher levels of learning due to timely diagnosis of learning gaps and remedial intervention.
- It helps the learners to develop holistically in terms of different domains of their personality.
- It shifts focus from need for learning to love for learning.

How can participation and achievement in co-curricular activities pertaining to performing arts, visual arts, etc. be assessed?

- Through the presence or absence of specific indicators using a variety of tools, as suggested in the guidelines. Some of these could be:
- Participates actively in literary and creative activities at school/inter school/state/national/international levels.
- Takes the initiative to plan and drive various literary events like debates, recitation, book clubs etc.
- Is able to inspire others and involve a large part of school/community in different events.
- Shows keen interest and an aptitude towards a particular art form.

How can participation in Health and Physical Education be assessed?

- Through the presence or absence of specific indicators using a variety of tools as suggested in the guidelines. Some of these could be:
- Shows good hand-eye coordination: the ability to react quickly to sensory perception, e.g., catching or fielding in cricket, passing or receiving in football, hockey.
- Demonstrates sportsmanship.
- Displays healthy team and school spirit.
- Demonstrates an analytical aptitude: the ability to evaluate and react appropriately to strategic situations especially as a captain or key member in a team.

What are Attitudes and Values? Why are these considered an important aspect in the development of the personality of an individual?

- Attitudes reflect an individual's disposition or tendency to respond to a given stimulus (idea, situation).

- Values are ideas and beliefs that one holds as special. For example, displaying empathy.
- It is mandatory in our role as educators to not only inculcate good values, but also develop positive attitudes in the students in order to help them become responsible global citizens.

What is the intent of Accelerated Learning Programme?

- One to one teaching to bridge the gap in pre-requisite knowledge required by students to augment academic performance.
- Classes are conducted for students on a weekday for a particular subject and on working Saturdays for 3 hours from 8.00 a.m. to 11.00 a.m.

What is Student Leadership Programme (SLP)?

- S4D refers to the intentional use of sports, physical activity and play to impart leadership skills and life skills to students through an experiential method.
- Implemented in classes IV-XII, SLP utilises the concepts of H&PE (Health and Physical Education) and L&TS (Life & Thinking Skills) to impart core understanding on the themes covering self-awareness, self-management, responsible decision-making, relationship management and social awareness.

What is the intent of SEWA Program?

- The integrated SEWA (Social Empowerment through Work Education and Action) program (IX-XII) aims to help a student gain wholesome intellectual, personal, social, emotional and social growth. SEWA takes learning beyond the walls of the classroom and sometimes even beyond the boundaries of school. It helps to acquire the following learning skills:

 - Engage with issues of social concern in the community, society, state and nation. Develop new life skills and strategies and become lifelong learners.

What is the intent of the Read Programme?

Read Programme is directed towards nourishing and nurturing the reading mind of students by deploying the 'power' of literature to shape thinking and actions for an inclusive world. This is achieved through prescribing curated set of books for every class level. Book selection is designed:

- to cater to varied development age levels and reading interests.
- to stimulate critical thinking by responding to literature.

- to enable joy, surprise, thoughtfulness, reflection, awareness and knowledge.
- to provide diverse range of stories that reflect common and uncommon experiences.
- to entice thinking about values, choices, context and dilemmas through characters, plots and consequences.
- to turn reading into a lifelong engagement.

HOMework

Policy

Homework is a constructive tool in the teaching/learning process, geared to the needs and abilities of the students, for the reinforcement of matter learned in school. It is also intended to help the students develop independent study habits.

As a policy, no homework is given till class I. However, some reinforcement worksheets may be given. School tries to assign interesting homework based on the matter that has been covered in school and distribute it uniformly among various subjects per week.

Students should try and do their homework entirely on their own, without the help of their parents. They should develop a regular homework routine, keep their parents informed with respect to homework assignments and show them the finished work. Students should:

- Ensure that they are prepared with whatever stationery supplies are needed for homework.
- Inform their parents if any extra material is needed for projects and other such home assignments, so that these can be acquired without inconvenience.
- Have an appropriate environment at home for quiet study without disruption.
- Earmark a regular block of time for homework. If no homework is assigned they should maintain the routine, by reviewing class work or reading a book during the time assigned for homework.
- Ensure that their homework assignments are completed on time and that all supporting books and materials are carried back to school.
- Ask their parents, on a daily basis, to review their homework tasks, show them the completed work and ensure that the parents sign notes in the Almanac.

LIBRARY Rules

The school's Library is open to all students. However, only Classes IV to XII have a Library period in their weekly schedule. Students visiting the Library have to observe the following rules:

- **Little Free Library (Classes IV to X):** Students of Classes IV to X get to enjoy reading a separate set of books through their classroom's collection of donated books that operates on 'Take a Book, Leave a Book' policy. These exchanges function on the trust that our students will conscientiously take good care of borrowed books and ensure the books they exchange enhance the Little Free Library collection.
- **Read Programme Shelves (Classes IX to XII):** Since the students of Classes IX to XII are given to choose 3 titles from a larger menu of Read Programme books for personal reading, multiple copies of all titles from the book menu are stocked in the Library for them to borrow and read books not chosen by them.

REWARDS and REPRIMANDS

The school discipline system is based on the premise that there are consequences for actions. It endeavours to be consistent and fair. For the school community to operate as a safe learning environment where all strive for personal excellence, it is important that clear boundaries are established. While rewards are for motivating the students to sustain good actions and consistently strive for better behaviour and efforts, reprimands are given in order to check undesired actions on the part of the wrong-doer and to deter other students from doing the same.

■ Disciplinary Measures

The following disciplinary measures may be adopted by school in dealing with the students who behave in an unruly manner–

1. Verbal warning and counselling
 2. Written warning
 3. Detention during the break, or for the whole day
 4. Suspension (ranging from 7 to 30 days)
 5. Rustication
 6. Withdrawal of transport facility for improper behaviour in school bus. In such cases, parents will be responsible for their ward's pick and drop to school.

STUDENT COUNCIL and MONITOR System

A Student Council is formed every session in order to instill leadership quality in students. The members of Student Council constitute students from Class VII onwards. This gives them a sense of responsibility and ownership. The Student Council becomes a mouthpiece of the students. The Student Council acts as a link between the Head of school, teachers and students. They help to organise different activities scheduled in the event calendar along with the teachers.

The objective behind constituting the Student Council is to ensure that today's students are well prepared to be tomorrow's innovators, leaders and engaged citizens of the world.

Criteria and Method of Selection of the Student Council

- Students with a minimum of 75% score in all subjects in the previous session.
- Those with suspension, divesting of badge, malpractice in exams, -misconduct in past two years will be disqualified.

- Students who report to school in improper and untidy uniform will not be considered at all.
- Aspiring students may give their names to the In-charge for various positions. List of eligible candidates shall be displayed on School Notice Board. Students qualifying in the written test will be given opportunity to win the trust of the student body by attesting their suitability for the post. This will be followed by a secret ballot.

School TRANSPORT Rules

- It is mandatory for all students to avail school bus facility except for students residing in nearby areas (specified as 'supervision areas').
- Only those students whose residences fall under 'supervision areas' will be allowed to commute to and from school by privately arranged transport. Details of the 'supervision areas' may be obtained from the school transport department or can be viewed on the school website under "About Us" > "Transport".
- Under no circumstance will a student residing in a non-supervision area be allowed supervision.
- Parents of students residing in 'supervision area', who want to avail school transport facility for their wards may contact the Front Office of school during working hours for details.
- School bus routes are devised based on commuting time convenience and demand while ensuring that no route is overly long. Parents should consult school's Transport In-charge for necessary details or any changes desired.
- Bus Stops are created taking into consideration a range of issues like number of students at a particular stop, convenience of larger number of school transport users and turnaround time for school buses.
- Bus stops are finalised at the beginning of a session and are not likely to change mid-session. However, school reserves the right to create, cancel or relocate a particular bus stop any time during the session as expedient. Hence, parents' requests in these matters, though welcome, may not be found implementable by school authorities. Parents should desist from persistent requests for creation or relocation of a bus stop.
- In case there is a permanent change in bus stop and/or bus, permission for the same has to be sought through an application on the prescribed form, available as a download from school's website. The application form duly filled and completed must be submitted at school office or sent by e-mail. The prescribed fee is payable online only and the procedure for carrying out the transaction is given on our website. **It should be noted that the change shall become effective only after school grants permission.** In this case, a new set of identity cards will be issued. The fee for a new set of identity cards is ₹250. **Request for temporary change in bus or bus stops will not be entertained.**
- Students are issued two identity cards (student's copy and parent's copy). The student's copy should be worn by the student before boarding the bus and should be worn at all times till the completion of the return journey.
- Parents (or their duly authorised nominee/s) have to produce the parent's copy of the identity card at the bus stop or school gate, in order to receive their wards, failing which the student will not be handed over to parents or their nominee/s and will be brought back to school office. The parents will

then have to pick up the student from school after showing the parent's copy of the identity card.

- There is no provision of replacing the I-Card for free. Replacement, at no cost to the parent, will only be done in case there are factual errors in the data printed.
- If an identity card (or both) is lost, or becomes unusable for any reason, new identity card(s) can be requisitioned by paying the prescribed amount through school ERP, accessible with the student's log in.
- **Identity cards procured from any source other than school are not allowed. Students or parents found in possession of such cards will have to pay a heavy fine (₹2000) and parents will be summoned to school for explanation.**
- A student using school bus is expected to be at the bus stop at least five minutes before the scheduled arrival of the bus. The student has to be on the correct side of the arriving bus.
- Parents should, for the safety of their children, ensure that their wards are always escorted to and from bus stops. For children who, for any reason, have to travel unescorted (class VI onwards) to and from their stops, an application mentioning the same must be sent to the Head of School. Such students should carry both the identity cards (student's/parent's) and produce the same if asked to.
- Students are allowed to board and disembark from their allotted bus at their designated bus stop only, for commute to and from school. There is no provision for temporary change in bus or bus stops.
- Students who miss the allotted bus, should not try to board their bus en route or any other bus. In such cases, it is the responsibility of the parents to drop their wards to school. Such students may, however, return by their allotted bus. Parents trying to stop the bus and force their ward to board the bus along the route will lead to withdrawal of bus facility and a heavy fine.
- **Students who do not avail school transport should report ten minutes before school commences.**
- Parents/Guardians of students who do not avail school transport should present themselves at school gate fifteen minutes after the start of dispersal of students from school to collect their wards.
- In case of supervision, if the vehicle transporting the student is found violating any of the rules laid down by appropriate authorities, s/he will then have to begin using school transport or use an alternative mode of transport which is safe, legal and conforms to the prescribed rules.
- In case of change in residence of a student to supervision area, an application should be made to school in the prescribed format (available on school website), along with a verifiable proof of residence. Supervision will not be allowed on any other ground, except place of residence in the defined supervision areas.

- If, due to certain exigencies, a student has to leave school campus during school hours, the following rules will be observed:
 - A written request must be submitted by the parent.
 - The parent's copy of identity card must be produced.
 - School Leaving Register must be signed.
 - A Permission Slip generated by school office through ERP must be obtained and shown at school gate before leaving the campus.
- Under no circumstance are students allowed to go behind or under the buses parked in school campus. Students are also not allowed to sit in parked buses during school hours.
- Students should not touch the instrument panel, or first aid box, or fire extinguisher in buses.
- Students must make sure that the aisle of the bus is clear, and that school bags and other belongings are placed properly.
- Students must keep all parts of their body inside the bus at all times. They should not put their hands out even for waving.
- No item/object should be thrown inside or outside the bus during the journey.
- The consumption of edibles and any kind of drinks other than water is not permitted in the bus.
- Unruly behaviour like shrieking and shouting is strictly prohibited.
- Any misbehaviour on the part of a student with the bus driver, conductor, bus teacher or another student will be viewed as a grave misdemeanour and lead to suspension from school.
- Parents are not allowed to enter school bus under any circumstance nor is it expected that they get into an argument with the bus teacher/driver/conductor. Transport facility of the child may be suspended or even cancelled for any such confrontation reported.
- The driver's attention must not be distracted for any reason.
- Drivers are authorised to stop buses at designated stops only, unless otherwise directed by the bus teacher, after consultation with the Transport In-charge and the Head of School.
- **For all queries/requests regarding transport, parents should approach the Transport In-charge through e-mail to transport.jw@dpspatna.com or transport.sw@dpspatna.com/transport@dpspune.com/transport@dpsludhiana.com/transport@dpscoimbatore.com.**

Payment of FEES

■ SCHOOL FEES

The only method of remitting fees to the school is through an electronic transaction between the school and the parent's bank. The school does not accept any other mode of payment, except under certain circumstances that are explained later in this section.

Under this fees collection system, the parent has to submit an e-NACH (Electronic-National Automated Clearing House) Mandate which, when registered with the National Payments Corporation of India (NPCI) by the banking system, enables the school to collect the bi-monthly fees of the student.

■ e-NACH Mandate

e-NACH or NACH is a centralised bank-to-bank transfer system that is enabled after registration by NPCI. A unique number is generated for every student, which also identifies the bank details from which the bi-monthly fees are to be collected. The parent / guardian has to log in to the school ERP to access and submit an e-NACH Mandate for registration. Registration of the Mandate usually takes three working days from the date of submission. In case a parent wants to change the bank from which fees are collected, the school Accounts office must be informed in advance and only after approval should the e-NACH Mandate Form be filled up and submitted. Cancellation of a Mandate is not permitted until a new Mandate is registered and the old Mandate will continue to be treated as valid for fees collection.

■ Fees

The school collects Education Fee from all students and Transport Fee from students who use school transport. Fees will be collected every two months using the NACH payment system, directly from the bank account of the parent / guardian, ordinarily by the first day of every alternate month commencing from April, 2024. The Fee Structure for a particular session is communicated through email before the beginning of an academic session. Usually, the school sends an email to all parents before sending the Mandates for collection of bi-monthly fees. However, non-receipt of such an email cannot be an excuse for not paying the school fees regularly and on time. The school does not accept any fees in advance, i.e., before the due date.

■ Return / Dishonour of NACH Mandate

In the event of any of the bi-monthly Mandates being returned, parents are expected to deposit the due amount online through the payment gateway provided in school ERP, as the NACH Mandate will not be re-presented for collection of fees. Administrative Charge will need to be paid along with the due fees. Parents should

visit the school website and click on the “Online Payments” box on the right side of the Home Page, before logging in with the relevant credentials.

■ Administrative Charge

Administrative Charge is given in the table below. It should be noted that the period for levying Administrative Charge is calculated from the first day of the month in which the fees become due. The due amount cannot be edited in school ERP as it gets updated as per the due date.

<i>Fees Due Dates</i>	<i>Actual Payment Date (from Fees Due Date)</i>	<i>Administrative Charge</i>
<i>April 01, 2024 June 01, 2024</i>	<i>In first month</i>	<i>₹ 500</i>
<i>August 01, 2024 October 01, 2024 December 01, 2024</i>	<i>In second month</i>	<i>₹1000</i>
<i>February 01, 2025</i>	<i>In third and fourth months</i>	<i>₹ 2000</i>

After lapse of four months from fees due date, student’s name will be struck-off the school rolls. Thereafter, Administrative Charge will be payable as decided by the school.

Non-submission of e-NACH Mandate, cancellation without providing an alternate e-NACH Mandate or withdrawal / stopping payment of the Mandate will attract an additional Administrative Charge of ₹2,000 for every bi-monthly fee cycle till the student’s name is struck-off from the school rolls.

■ Waiver of Administrative Charge

If the Mandate is returned with the reason “Insufficient Balance”, but your Bank Statement / Passbook shows sufficient balance on the day BEFORE the NACH Mandate hit your bank account, Administrative Charge will be waived. Administrative Charge will also be waived if your bank account was sufficiently funded before presentation of the Mandate for fee collection, but was returned for technical reasons beyond your control. In the above cases, parents are required to email us a scanned copy of the Bank Statement / Passbook, for consideration of waiver of Administrative Charges. Administrative Charge levied on account of non-submission of Mandate will not be waived, even if the school fees are paid on time. There is no provision for waiver of Administrative Charges on any other ground.

■ Refund of Excess Amount

On the rare occasion that fees are collected / paid twice – once by the parent through the online payment gateway and again through the NACH Mandate – the excess amount will be returned. Parents must carefully read the bi-monthly email regarding fees collection and subsequent reminders and follow the instructions given therein.

All communication regarding fees and e-NACH Mandates should be sent to the school's "accounts" email ID, with a copy to the "info" email ID.

■ **Transfer Certificate (School Leaving Certificate)**

In case of transfer of parents to any other place, and subsequent to this if the parents apply for Transfer Certificate (TC), the fees (as applicable) will have to be paid for that particular month (in which the application is received by school office). Consent of both parents is mandatory before TC is issued.

Security Deposit submitted at the time of admission by old students (admitted to school in or before academic session 2013-14) will only be released if all dues are cleared and TC has been issued. Security Deposit money will be transferred through NEFT into the parent's account, usually within 45 days of the date of issue/collection of TC.

Duplicate Transfer Certificate will only be issued after an affidavit (from office of Executive Magistrate) stating the loss of the said document and copy of FIR is submitted at School Office, along with a fee of ₹500 paid online.

Duplicate Report Card will only be issued after an application stating the loss of the said document is submitted at School Office, along with a fee of ₹500 paid online.

■ **Issue of Certificates and other documents**

Issue of Bonafide Certificates, Fee Payment Certificate, showing the tuition fee paid to school for reimbursement, and other documents required by parent, will be issued on a specific request sent through email, free of cost. Duplicate/Subsequent copies of Bonafide Certificate and Fee Payment Certificate will be issued on payment of ₹100 for each such additional copy during an academic session.

Set of documents (including transcripts, recommendation letters etc.) required for admission to higher educational institutions will be issued to Class XII students on a written request from parents along with a fee of ₹500, against which the softcopy and one hardcopy of the set will be provided. For every additional copy of the set, a fee of ₹200 will be charged.

■ **Issue of Duplicate Report Card Covers and Almanacs**

Report Card Covers provided to students are meant to be used throughout school life, or till new ones are issued by school. However, duplicate Report Card Covers may be issued on payment of ₹100, subject to availability. School Almanacs provided to students at the beginning of every academic session are meant to be used throughout the session. Students are expected to take good care of, and make efficient use of, the Almanac. Replacement copy of the Almanac will not be provided to students, its e-version may be downloaded for reference from school website.

School **WEBSITE** and Mobile **APP**

A lot of emphasis is laid on integration of information technology for smooth functioning of school and for minimizing efforts in communication. With this in view, we maintain school's website which serves as a portal for dissemination of important school information and for reporting the events and programmes organised at the campus. School mobile application, linked to the ERP, is also functional and it may be accessed through individual parent login provided by School. Through the website/mobile app, information related to student profile, school attendance, homework assigned, library usage, assessment results-cum-achievements, calendar events, parental circulars and school events' images may be viewed. Moreover, school mobile app is the most efficient way to communicate with school on issues related to school transport, issue of duplicate I-cards and other documents, intimation of absence as well as other queries.

School website serves as a notice board for giving information about admissions, vacancies, recruitment and their related schedules. In addition, it has links for downloading latest publications and newsletters that are uploaded in a document for easy download and perusal.

Another functionality of the website is in the arena of projects that are assigned to the students. A link on the website takes visitors to the project page from where information and forms can be downloaded by the students.

Since we also facilitate certain money transactions online through school website, its data is secured and our URL begins with <https://>

Other features that continue to be a part of our website are:

- All Report Cards and Statement of Marks, are published on school Mobile Application and no printouts, except for Annual Report Card, are issued to the students.
- All circulars are uploaded on school website so that parents can directly log in and get the latest information and instructions regarding the academic and co-curricular activities taking place in school.
- The e-version of the Almanac can be viewed and downloaded from the school website.
- Newsletter of Classes Pre- Nursery – III will be shared on ERP every month to enable the parents to get an insight into the activities done in the school.
- We also encourage parents to give their constructive feedback and suggestions to improve our website and mobile app. To do so, parents can click the e-mail link on the contact page of school website. Mails from only the primary/parents' e-mail ID will be entertained.
- **Parents are requested to login regularly on school website and mobile**

app for effective communication with school. Also ensure that school's official ID is marked as a trusted ID so that it is not treated as spam. All communication from school will be made through school website, mobile app, e-mails and SMS.

FREQUENTLY Asked QUESTIONS

■ Regarding Education & Transport Fees

(Refer pg.52-53 for details)

Q. How do I remit fee to school? Is the fee paid monthly or bi-monthly?

The fee can be remitted only through a transaction known as National Automated Clearing House (NACH) between your and our banks. No other mode of payment will be accepted. Bi-monthly fee (Education & Transport) will be debited from your bank account on the first day of every alternate month starting from 1 April, 2024.

Q. What if I change my bank account from one bank to another? How do I intimate school if I want the fee to be withdrawn from some other account?

If you wish to change your bank account from which the fees are being debited, please contact our Accounts Office. A fresh e-NACH Mandate will have to be submitted online.

Q. If NACH Mandate is dishonoured, how do I ensure that fee is paid in time?

In the event of NACH for Bi-monthly Education and Transport fees, if applicable, being dishonoured, you are expected to deposit the amount, along with the prescribed Administrative Charge, through the online payment gateway accessible through school website using the login credentials of your ward. Please see link titled "Online Payments" in the right panel of our school website's Home Page.

Q. If the account details given to the bank by school are wrong, will I still be penalised?

No, you will not be penalised, but we would like to check the details submitted by you and match with our data sent to the bank for any typing errors.

Q. If NACH Mandate given by the parent gets dishonoured for reason of 'Insufficient Funds' despite having sufficient balance in the account, what procedure is to be followed?

If, despite having sufficient balance before and at the time the NACH hits your account, it is returned, you must email the original Bank Statement/Pass Book to support this. If correct, only the fees due will be payable and the Administrative Charge will be waived. However, any undue delay in communicating with school about the reason for dishonour will not be considered for waiver of Administrative Charge.

Q. Will I be sent a reminder for fee payment?

School may not send a written notice, SMS or e-mail as reminder before presentation of the NACH for collection and/or dishonour of any NACH Mandate. However, non-receipt of such a notice cannot be an excuse for continuing to default on any dues. It is expected that, as a responsible parent/guardian, you shall maintain sufficient balance in your bank account from which fee is to be debited. We expect you to ensure that your ward's fee reaches school regularly and on time.

■ Regarding Assessments & Promotion

(Refer pg.24-31 for details)

- Q. If my child misses any test, will s/he be awarded zero or will average marks on the basis of his/her previous performance be awarded?**

There is no provision for retesting the students who remain absent on the day of the assessment, or those who have failed in one or more subjects. Neither can average marks be awarded to any student under any circumstance. Only if the child's absence on the day of assessment is on genuine medical grounds, and if the parents have personally submitted the leave application along with supporting medical documents that very day at school office, will the child be allowed to appear for re-test, or else s/he will be awarded zero for that subject.

- Q. Will my child studying in classes Pre-Nursery-III be informed before an assessment is conducted?**

No, we do not have formal assessments for children up to Class III. Hence, no prior notice will be sent to the parents. Evaluation of the child's progress is done on the basis of continuous thematic assessments.

- Q. How would I come to know about the performance of my child?**

We organise Open House sessions at regular intervals during which the teachers give a detailed feedback about your child. Should we feel that your child needs more assistance at home, we will call you for a detailed discussion to iron out the issues. Apart from this, please check the answer scripts of formal assessments which are returned to students within 10 days of the date of assessment. Parents who wish to know the marks of their wards may consult the Examination Department with prior appointment on working days between 1:30 p.m. to 2:30 p.m.

- Q. How would I assure myself that no prejudices will work against my child?**

Our school is characterised by honesty, fairness and equity in student-teacher relationship. We respect the dignity, diversity and rights of students. The welfare of the child is an essential principle of our school ethos. Proper and full records are also maintained by the teachers at all levels and stages of continuous assessment.

- Q. How can I apply for report card of my child for assessment other than Annual Examination?**

All students shall be issued Annual Report Cards which shall contain consolidated details of all assessments held throughout the year. However, if a report card is required for any independent term assessment, an application must be submitted in school office citing the reason for the same.

■ Regarding Absence & Late Arrivals

(Refer pg.22-23 for details)

- Q. What is the procedure for informing school about a child's absence from school?**

No student who has been absent on the previous day will be allowed to attend class unless her/his parent has entered an explanation stating the reasons for the absence, in the 'Record of Non-Attendance' section of the Almanac, for each day the student has

been absent from school. In case of absence for more than two days on medical grounds, Medical Certificate will be required along with the application.

Q. Is there any provision for half-day leave?

There is no provision for half-day leave, so students who are not well should not be sent to school. A child will be marked absent if s/he were to be taken home by parents/guardians/ authorised persons during school hours.

Q. What happens if my ward arrives late to school?

Students are expected to reach school 10 minutes before the start of the Home Room period (start of school). Students arriving late will not be allowed to enter school premises without a plausible explanation. Arriving late for school is not acceptable. Students found to have come late for more than one day in a term/semester will not be allowed to attend classes on the second such occurrence and disciplinary action shall be taken against them.

Q. What is the procedure for leaving school campus during school hours?

If, due to certain exigencies, a student has to leave school campus during school hours, the following rules will be observed:

- A written request must be submitted by the parent well in advance.
- The parents' copy of identity card must be produced.
- School Leaving Register must be signed.
- A Permission Slip must be obtained from school office and shown at school gate before leaving the campus.

Q. What is the procedure if my child has to take leave of absence for a few days?

In case of social and family commitments where the child is expected to be present and needs to remain absent from school, parents are requested to get the absence granted from the Head of School by submitting the application in person. If prior information is not given, the absence will not be granted and this will result in deduction of grades. Application via e-mail will also be valid for up to two days of leave.

Q. In case of some sickness or any other serious matter, can my child leave school after taking test?

There is no provision for half-day leave, so students who are not well should not be sent to school even on exam/test days. Child will be marked absent if s/he were to be taken home by parents/guardians/authorised persons during school hours, even if it were to be an exam/test day. Child will be awarded zero for the exam conducted on that particular day.

Students are allowed to use only their allotted bus and bus stop. There is no provision for temporary change in bus or bus stops.

Q. Can my child commute under supervision for a day/short period?

In case parents want to collect their wards during dispersal on a particular day, the child has to commute under supervision (to be dropped and collected by parents both ways) for that day. Prior intimation must be given to the Bus/Class Teacher and Transport In-Charge in this regard.

Q. What is the procedure for permanent change of bus stop?

In case there is a permanent change in bus stop and/or bus, the same can be affected by submitting the prescribed application form along with the prescribed fee. School Front Office/Transport In-charge should be contacted.

Q. Can my child's bus stop be changed to a more convenient location?

Q. Can my child switch over to supervision temporarily, due to some unavoidable circumstances?

No, we do not allow that. Our policy for making school transport compulsory is embedded in school philosophy of being environment- conscious and eco-friendly. Surely, you know that school buses are far more environmentally sustainable.

Q. Is my child permitted to board another bus if s/he has missed her/his designated bus?

No, we would like you to refrain from such actions. It disturbs the seating arrangement already existing and also leads to a wrong precedence in the long run. You are requested to drop the child to school yourself, subject to the condition that you are able to reach school well in time. Such students may, however, return by their allotted bus.

Q. Can my child go to or come from the bus stop unescorted?

No, we do not allow that for children up to class V. Should you want this for your child of class VI onwards, you need to give an application for the same to school office. You would be allowed to do so only subject to the approval by the Head of School. Such students, if allowed, should carry both the identity cards (student's and parent's).

Q. Who ensures the safety of my child in the bus?

Your child's safety is our priority as long as s/he is not handed over to you/designated person at the bus stop. Students should also make sure that they follow all safety norms while travelling, which are mentioned in the Almanac. Unruly behaviour in the bus is strictly prohibited.

Q. Under certain circumstances, can my child go to his friend's home from school itself?

No child can board/disembark a bus at a bus stop not designated for her/him, at her/his own free will.

Parent/guardian must ensure that the 'Application for Issue of TC' is downloaded from the website and filled up in legible BLOCK LETTERS.

Q. In case a Transfer Certificate is taken in mid-session, is any fee also refunded??

Yes, a proportionate amount of Fees will be refunded. Since the fees will, from April onwards, be paid bi-monthly, if a student takes a TC in the first month itself, the second month's fees will be returned.

For instance, a student, whose fees have been paid in August for the months of August and September, applies for TC on 31st August and does not attend any classes in September, will be refunded the Education and Transport (if paid) fees for September.

In case of students taking provisional admission to Class XI, no fees paid at the time of admission will be returned if the student leaves school.

Similarly, Institutional Fee and Induction Fee paid at the time of admission by a student are not refundable if the student has attended even a single day of class or after the commencement of the academic session.

Socially Useful Productive Work (SUPW – Classes IV-X)

SUPW is an integral part of our school curriculum. The idea behind it is to allow our students to give expression to their co-curricular interests and aptitudes. Participation in one of the activities pertaining to SUPW is compulsory. Some of these activities are managed by our own faculty and for some we hire external resource persons. The execution of such activities will depend on the availability of resource persons. Students will be allotted the SUPW clubs as per the preference criteria. Once allotted, students have to compulsorily continue as members of that activity for one academic session.
